

Professor Poopenshtinken's MAGICAL MATHS

☉ Your Magical Maths Invitation!

Dear Parent/Carer,

We are excited to announce that Magical Maths is coming to your school!

Magical Maths is an exciting after-school club where your child will meet some wonderfully crazy and inspirational characters and learn some truly mind-blowing maths tricks. They will learn to calculate impossible numbers in their heads, read minds, play maths sport and solve unbelievable puzzles... all with the power of maths!

The club is fun and exciting whilst also highly educational (but don't tell the children!). It is designed to boost your child's confidence and further engage them with maths!

Each week has a super fun theme - here is a special sneak peek at the first four weeks:

- Week One: Meet the Maths Genius
- Week Two: Become a Maths Detective
- Week Three: Be awed by the Mathemagician
- Week Four: Compete with the Olympic Mathletes

Please visit our website and enter your school name to find out the club dates and cost:

The Magical Maths Team.

Parents & Teachers who have written to us about Magical Maths in the last year

"Magical Maths has been a real asset to our after-school club programme. The children have certainly enjoyed the sessions and have "wowed" their parents and teachers with some of the things they've learnt! The staff have been very professional and conscientious and it has been a pleasure having them and we will certainly be booking them to return."

**Pete Mason, Deputy Head and Maths coordinator,
Howe Dell School**

"I would like to thank you and your team for our wonderful sessions. The children (and staff!) thoroughly enjoyed them and always looked forward to the next one! The sessions were engaging and motivating as well as challenging at different levels. The activities allowed the children to learn and practice key Maths skills in fun and interesting ways. Thank you again Magical Maths."

Miss Marks, Head of Maths, Merryfield School

"My son thoroughly enjoyed it! It says something if you can get children so excited about a subject like maths."

Mr Penton, Parent, Waterleys Primary School

"Ruby adores Magical Maths, and we are very impressed with everything. She loves going and looks forward to it every week so I can't praise you highly enough on the content of the classes and also the update emails are brilliant too. You are all doing brilliant work with the children."

Zoe Carmichael, Parent
