Aspirations

- Scientist
- Advertiser
- Animator

Characteristics needed for this topic:

- Reasoning and problem solving
- Making links
- Improving

Sticky knowledge

- A concept map is a pictorial way of showing relationships between concepts and ideas. A concept map allows you to show information, pictures and links to support an idea or concept.
- On a concept map ideas or concepts are organised into nodes which are linked together with lines to show how the concepts and ideas link together.
- A concept map in 2Connect allows many users to contribute to the map which means that ideas or concepts can be quickly amended or additional information provided.
