

## Cultural Capital at Arnold View

Ofsted 2019: Cultural Capital is “the essential knowledge that pupils need to be educated citizens, introducing them to the best that has been thought and said and helping to engender an appreciation of human creativity and achievement.”

At Arnold View Primary School, we aim to construct a curriculum that is ambitious and designed to give all learners, including SEND and the most disadvantaged, the knowledge and cultural capital they need to succeed in life. The following should be read alongside the subject curriculum maps to gain a full understand of the curriculum offer at Arnold View. The following map is not exhaustive as all pupils receive personalised support, however it provides an overview of the provision pupils’ will experience throughout their time at our school.

**We believe that Cultural Capital is important because...**

### **Cultural Capital**

provides health, well-being and growth.

### **Cultural Capital**

lets us share our histories, our memories, the people, the places and the things that matter to us.

### **Cultural Capital**

creates the curiosity and confidence to make connections between the past, the present and the future.

### **Cultural Capital**

sparks generations of innovators.

### **Cultural Capital**

is to be found locally, nationally, globally – everywhere!

### **Cultural Capital**

nurtures inclusive communities.

### **Cultural Capital**

enriches today and inspires tomorrow.

### **Cultural Capital**

is ours to discover, ours to create, ours to share.

### **Cultural Capital**

belongs to me, belongs to you, belongs to us all.

*It is the essential knowledge that pupils need to be educated citizens, introducing them to the best that has been thought and said and helping to engender an appreciation of human creativity and achievement.'*
