

## WORLD BEE DAY

### World Bee Day

On Thursday 22nd May we will be celebrating an Eco day by looking at everything that's great about bees. The whole school will be taking part in activities over the day to raise awareness about the importance of bees in our ecosystem - looking at their role as pollinators which is essential for plant and food production.

On this day we will also be having a non-uniform day where we would like to encourage the children to come dressed in yellow and black, like a bee. We are also asking for a small donation of money which will go towards our summer project, a sensory project, which you've guessed will be bee friendly.
